To the UCLA Community,

The Pi Kappa Phi fraternity at UCLA would like to convey its sincerest apologies to those affected by our 2013 meeting minutes. The comments made in those minutes do not represent the values of Pi Kappa Phi. They are completely unacceptable and should never be deemed appropriate by anyone let alone a brother of our fraternity. The Pi Kappa Phi chapter at UCLA understands the severity of the comments made, and that it has impacted various communities and individuals on our campus.

Regardless of when these comments were made it does not make them acceptable. We do not condone these actions, and we are committed to providing an environment that encourages diversity. Pi Kappa Phi is taking steps to make sure conduct like this never occurs again.

Sincerely,

Hunter Hayes  
President, Pi Kappa Phi Eta Sigma
